Hey you fucking racist bitch cunt, unban me for defending someone who was getting tattoo shamed. You're such a little piece of shit. Ban the Nazis and KKK members, not people who are only mad because someone is being a jerk for no reason. You better watch yourself, you're going down soon.

I need my pages out of Facebook jail or I'm suing for all the screenshots I have and all the people who died on your lives so you need to remove Facebook jail immediately or all the screenshots I have will shut your site down for good every page shouldn't get put in jail and I have several screenshots of people harassing me and they are not in Facebook jail so either remove Facebook jail or lose your site you have one hour and I'm telling my lawyer to file the lawsuit and get Facebook removed completely

I am furious with Facebook. They have disabled my account. I cannot access it at all. I am a 74 grandmother who reposted funnies about our current political situations, pictures of my grandkids and pics of my dogs. There is NO way to contact a real person at Meta. I guess I am just out of luck. They say I don't meet their stringent standards. I was not aware they had any.
